## About This Game

### **Classic gameplay. New experience.**

Panzer Corps Wehrmacht is the award-winning turn-based strategy game that the press has called "...nothing short of brilliant" and "the spiritual successor to the Panzer General series", with high rankings and praise around the world. Brought to fruition by a team of experts and a community of hundreds of fans, Panzer Corps - Wehrmacht has evolved into the ultimate strategy classic that will find a home on any wargamer's shelf!

Set in World War II, Panzer Corps - Wehrmacht puts players in the general's tent in charge of the Axis armies, across 26 scenarios in one large campaign tree, carrying core forces through the war. This core force can gain experience and upgrade to new weaponry as it becomes available. With over 800 unit types, divided into 20 unit classes there is a huge amount to explore. Make use of your unit's strengths and your enemy's weaknesses and seize victory.

Looking for a more 'human' challenge? Panzer Corps' multiplayer is deservedly popular, with thousands of games running on the server at any given time. Find an opponent online quickly and easily throughout the world with Slitherine's award-winning PBEM++ asynchronous multiplayer system. Play historical battles or balanced scenarios created specifically for multiplayer, where both sides have equal chances to win. Panzer Corps supports cross platform multiplayer, so you can even battle owners of the iPad version of the game!

Developed by Flashback Games and The Lordz Games Studio, Panzer Corps - Wehrmacht replicates a classic wargame and upgrades it to 21st century standards for a new generation of wargamers.

### **Main Features**

- 800 unit types, divided into 20 unit classes with 20 detailed parameters to identify unit's abilities, 24 terrain types affecting gameplay in various ways. Panzer Corps will celebrate the glory days of strategy gaming with the aim of attracting new players to the genre;
- Campaign: all 26 scenarios are combined into a large campaign tree with several entry points at various stages of the war. Depending on the outcome of each battle (decisive victory, marginal victory or defeat), the player will be faced with different challenges and a progress along different parts of the campaign tree;
- More than 30 nations represented in the game: Germany, Italy, Poland, France, Great Britain, USA, USSR, Norway, Belgium, Netherlands, Albania, Romania, Greece and more.
  - Core units that travel with you throughout the campaign gaining experience and that can be upgraded as new weapon technologies become available.

### **Additional content**

For players who enjoy the game, there is a lot of quality content which will keep them busy for months.

The Grand Campaign consists of 10 campaigns that bolt together to create a staggering 150 scenario Grand Campaign which cover the entire war from 1939 to 1945 in great detail. You can play them all linked together or each as a standalone campaign.

The Afrika Korps expansion consists of 24 scenarios, new terrain and units and explores Rommel's North Africa campaign.

Panzer Corps: Allied Corps is an expansion for Panzer Corps. Allied Corps includes more than 25 new scenarios, over 50 new regular and special elite units, and modified version of existing units to cover the entire war in detail from the Western Allies perspective.

And if this is not enough, Panzer Corps comes with a bunch of modding options and a powerful editor (PC only), and there are dozens of free user-made campaigns readily available for download from the Internet.

All Panzer Corps content is also available on [iPad](#), so this strategy gem can be played everywhere!

### **Reviews**

96% - [GamersHall.de](#)

Panzer Corps is a solid and loving overhaul of the classic Panzer General. Technical implementation and graphic design leave little room for any criticism.

93% - [GamerTell.com](#)

Easy to learn, simple interface, hard to stop playing once you start, you don't have to be a serious wargamer to appreciate.

9/10 - CPU Gamer

When it comes to being Panzer General, Panzer Corps beats the pants off the competition.

90% - Armchair General

Overall, PanzerCorps is one of the best "beer and pretzels" turn based wargame releases in years. The game is very polished and stable. It is fun to play.

90% - [PelipPlaneeta.net](#)

...nothing short of brilliant.

9/10 - RTSguru

This was seriously one of the best games that we have ever played. If you do not pick this up, you are missing out.

9/10 - Onet.pl

If one asked how would Panzer General be like if it was released today? The answer is simple - it would be Panzer Corps.

9/10 - EntDepot

Panzer Corps has me dreaming in hexagons nowadays.

Now that the official review is complete, if this were any other game it would go on the shelf next to other games that have been “finished” but I have every intention of firing it up again.☺

I thought this game was frustrating. It has easy puzzles that are made tedious because you have to tear up the room to find the pieces. So instead of using your brain, it's like you have to just go around looking for your lost car keys. And then when you solve the puzzle, you get to talk to some eccentric British ghost who is answered by you (a bewildered woman). Maybe the game's story gets better, but the game is lacking game play. I would rather just watch a movie. Also the puzzles involve moving furniture around to complete a circuit, but why does that make any sense?. Really enjoying the combat. It's pretty much the main selling point for me. I played the Spiderman game on Gamecube and the fluid movement you get using the ODM Gear is amazing. Titan combat is fun. You don't feel outclassed by the plot.. They screwed us over with deluxe and added season pass \u2665\u2665\u2665\u2665 you devs, I own large chunk of 1c games and will never give you another dollar. A good time killer. The strategy is very shallow, the AI is laughably bad, and you will get incredibly tired of hearing "saving game please wait." But as an unsung classic of the strategy genre and one of my favorite games in youth. This game is always fun for a quick little afternoon of conquering a country or two, when you just want to sit back and enjoy the conquest.

Pretty basic hex wargame. But is ok. No unit stacking not very complex. Ok for entry level wargamers. AMEIZING . This can be scaled to play with arcade controls or flight sim controls. I played it arcade style with joystick and really enjoyed it. Lots of content here, graphics look great, flying is fun as hell.. That's not a game, that's a clicker application, you'd better read a book.

Don't buy it, especially, if you are not native Russian speaker.. Very good, beat it in about an hour. playing this game makes me feel like the developers did a lot of history research , and poured a lot of love in this game. Worth your time if you are into history-city builder-management games.. Worst game ever.. I'm glad I purchased it on sale but it might kill time.

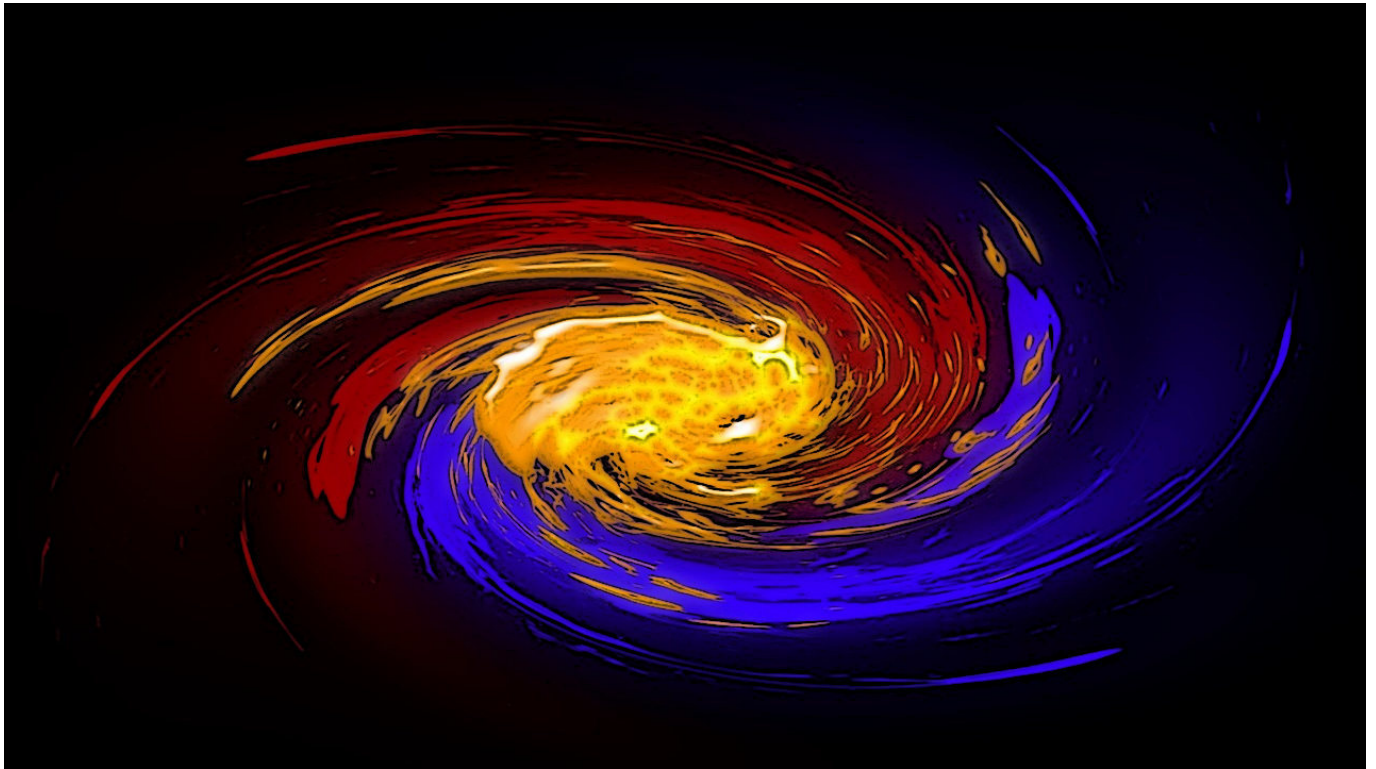

#### **The Star Explorers Manual:**

I have created a basic guide to playing Star Explorers for new players. There is already an in-game tutorial (currently only in the beta version) and a controls menu that explains all the various key commands, but the manual provides a more consistent overview of the game as a whole. Download the pdf here:

. Coming Soon: NVIDIA Ansel support for 360-degree screenshots:

[www.facebook.com]

Hi all! Just a quick note to say that we've added support for NVIDIA Ansel (<http://www.geforce.com/hardware/technology/ansel>) to support panoramic screenshots in Aven Colony!

You can find a fully interactive version of this shot at Mothership's Facebook page here: <https://www.facebook.com/MothershipEntertainment/posts/1996865030541698:0>

Follow us on Facebook and Twitter, where we'll be posting many more 360-degree screenshots of Aven Colony over the next few weeks!

**Paul. Eldervale Early Access Trailer:**

Short and to the point. The trailer focuses on the action, not so much on puzzles, atmosphere and story, but not to worry : it's all there.

Hello. Thank you for your interest in the moonlight thief.

I want to ask you two questions.

1. Close attack key is the direction of the character / or in the direction of the mouse?
2. The confirmation key is an event (e.g. acquisition of an item) is the key for eating cookies or the inventory key?

Additionally, the frame-down problem was discovered when the game was a laptop using internal memory (I will try to solve this problem as soon as possible).

And I fixed the bugs -

After getting Marionette in chapter 2, the police were appear,  
if you save at home during the day, game paused ,  
And you could not climb the wall with a hook.

It's a game made by one-developer during three years, so there's a lot of awkwardness, but I want to reflect your opinion as much as I can.

Thank you and have a good day. :) **WWB 10 BRO WORLD X:**

Dark days have fallen in the world of Broforce. The lands are suffering from a great evil. There are only a few (actually twenty six) heroes who can save the planet. Your theme for the final Weekend Workshop Brodown is:
